

## APPLE ANNIE'S PET POLICY

Please seriously consider leaving your pets at home. If you must bring your pet with you please keep the following information in mind.

1. Pets must be friendly around all kinds of people, especially children and other pets. On busy weekends there can be hundreds of people of all ages, cars, tractors and lots of noise. Not all pets find this as a fun experience and can become quite stressed.
2. Per Arizona state law, no animals should be left inside your vehicle. If we find that an animal has been left inside a vehicle the proper authorities will be notified.
3. Friendly pets ON A LEASH are allowed at the Produce and Pumpkins location; however, there are NO PETS ALLOWED in the fields, in the corn maze or on our hayrides at our Produce and Pumpkin location. They are only allowed near the barns and on the dirt roads. Any pets seen violating this regulation will be asked to be removed from the area.
4. Friendly pets are allowed ON A LEASH at the orchard location; however they are not allowed in any enclosed buildings such as the Fudge Room and the Burger Barn.
5. Service animals are always welcome at any location. All service animals must remain physically controlled on a leash or harness at all times. Service animals are limited to one animal per guest. Guests whose service animal demonstrates aggressive actions toward our guests or employees may be directed to remove the animal from the property.
